REZONING APPLICATION INSTRUCTIONS**

It is the responsibility of the applicant to complete this form in its entirety and as precisely as possible.

Please attach the following in support of this application:

2. You must have the last page of this application completed by all applicable agencies, including the property owners association of the subdivision, prior to submitting the application (an application will not be accepted without this information being submitted along with the application).

REZONING FEES

The fee for a rezoning application is as follows:

\$1,000.00 plus \$50.00 per acre

This fee is due upon submittal of the completed application and is non-refundable. Please make check payable to the County of Page.

PUBLIC HEARING SIGN

There is also a \$50.00 **refundable** deposit for a public hearing sign. Upon submittal of your application, a public hearing sign will be provided to you. The sign is to be posted on the land that is to be rezoned so that it is visible from adjoining roads and property. It must be posted at least 14 days prior to **each** public hearing and maintained so as to be visible from adjoining roads and property until after the public hearings. **Failure to post the sign will result in your application being tabled.** The sign is to be returned after the Board of Supervisors act on the application.

REVIEW PROCESS

Your rezoning application will most likely be reviewed at a Planning Commission work session and later entertained at a Planning Commission public hearing, following the work session. The Page County Planning Commission will submit a recommendation to the Page County Board of Supervisors during a second public hearing for a final decision.

Proffer Statements

The Page County Code allows applicants for rezoning to offer conditions (proffers) to be placed on the land as a part of the rezoning application. If accepted by the Board of Supervisors, such proffers will become regulations applying to the land rezoned in addition to normal zoning regulations. The existence of such conditions will be notated on the zoning map and will apply to the land, regardless of changes in ownership, unless or until the conditions are changed through a subsequent ordinance amendment process.

The proffers must address needs resulting from the rezoning. In determining what types of proffers to offer, the applicant should consider the possible impacts. The applicant should also consider policies in the Page County Comprehensive Plan. The Page County Zoning Ordinance discusses proffers and lists some of the types of proffers that might be offered (Section 125-68). These can include:

- Various limitations on the use of the land
- Off site and on site facilities and improvements
- Site layout or plan features
- Dedication of land or cash contributions for facilities identified in the Capital Improvement Plan (CIP) or Road Improvement Plan which would be impacted by the proposed rezoning

Proffer statements must identify the facilities for which contributions and dedications are to be made. A detailed description of the methodology used to determine which contributions and dedications will be made should be clearly specified by the applicant.

The applicant may choose to proffer a generalized development plan. An example where an applicant may want to proffer a generalized development plan is when there may be certain site design issues the applicant wants to address that can be conveyed better graphically than in writing.

Proffers shall be submitted as a part of the initial application package. A final, signed and notarized version of the proffer statement must be received prior to the staff's mailing of the Planning Commission agenda for the meeting that the rezoning application will be heard.

All proffer statements must be submitted to the County Attorney for review. ***No application package containing proffers will be considered completed unless the proffers have been reviewed by the County Attorney and the appropriate review agencies.***

Proffer statements should clearly state the name of the owner and applicant. Each condition proffered should be numbered, separately listed, and clearly stated. Only conditions that are clearly enforceable and not already required by local, State or Federal regulations should be proffered. If accepted, the requirements in the proffers shall constitute amendments to the Page County Code applying to the land rezoned.

Proffer Revisions

Significant changes to submitted proffers must be reviewed by relevant agencies. Such reviews must be received before proffer revisions are submitted to the Planning Commission. No significant changes to proffers will be considered by the Planning Commission once the original advertisement for the proposed rezoning has been published. Significant changes to proffers after the original advertisement may require re-advertisement for the proposed rezoning.
